Junior Full Stack Developer with a strong foundation in web development. Passionate about technology and problem-solving, currently focused on building modern, scalable, and high-performance web applications. Actively seeking my first formal work experience in the tech industry.

PROFESSIONAL EXPERIENCE

AstroTech

Founder & CEO

Montevideo, Uruguay

June 2024 – April 2025

- Founded and managed a business focused on selling tech products and providing technical support, with a physical store located on a main avenue, in front of Montevideo Shopping.
- Responsible for technical repairs of notebooks, PCs, and smartphones, performing tasks such as general maintenance, screen replacements, performance optimization, formatting, data backup, and troubleshooting common hardware and software issues.
- Designed and executed commercial strategies to increase customer acquisition, managing in-person and online sales, customer service, product listings, social media campaigns, and post-sales follow-up.

NetPC

E-Commerce & Customer Service Assistant

Montevideo, Uruguay

April 2023 – June 2024

- Assisted in managing and updating the company's official MercadoLibre store, ensuring accurate product listings, prompt response to inquiries, and continuous improvement of product positioning.
- Provided pre- and post-sales customer service via messaging and in person, resolving technical and commercial questions to ensure a satisfactory customer experience.
- Supported order management, invoicing, and the uploading of new products to digital platforms, working in coordination with both the technical and commercial teams.

EDUCATION

ORT School of Engineering

Programming Analyst (In process)

Montevideo, Uruguay

June 2023

Escuela Superior de Informática

Web Development

Montevideo, Uruguay

November 2022

PROJECTS

Scouting Club

Project Director & Full Stack Developer – PHP, MySQL, Bootstrap, JavaScript

Montevideo, Uruguay

April 2025 – June 2025

- Led the development of a web platform connecting football players, clubs, and professionals, enabling profile creation, video publishing, and direct user interaction.
 - Implemented features such as user registration, login, subscription, and user management
 - Coordinated tasks within a multidisciplinary team and managed the entire development cycle, from conception to launch.
-

Petiqueta (petiqueta.uy)

Fullstack Developer – PHP, TailwindCSS, JavaScript, MySQL

Montevideo, Uruguay

2025

- Built a web platform where pet owners can create digital profiles for their pets and link them to dynamic QR tags.
- Developed secure access logic so profiles are only visible if the pet is marked as “active.”
- Integrated MercadoPago for payments and implemented an admin dashboard for managing users and products.

Personal Portfolio (francokasmenko.dev)

Fullstack Developer – React, Next.js, TailwindCSS

Montevideo, Uruguay

2025

- Designed and built a web portfolio to showcase my projects, experience, and skills.
- Features a multi-language interface (Spanish/English) and dynamic project highlights.
- Includes a contact form with serverless email handling.
- Integrated a custom interactive terminal and desktop-like UI for a unique, retro-inspired user experience.

ADDITIONAL SKILLS

- Effective communication, fast learning, teamwork
- Adaptability, proactivity, and initiative
- Intermediate English – Able to understand technical documentation and communicate in work situations
